

THE VETIVER NETWORK INTERNATIONAL

CERTIFICATION OF TECHNICAL EXCELLENCE

The Board of The Vetiver Network Certifies

Evan Millwood

*As Professionally Qualified and Proficient
In Vetiver Systems Applications For
Nursery Propagation & Supply*

*Vetiver zizanioides (L.) Nash
"vetiver"*

*"Vetiver zizanioides (L.) Nash is a
herbaceous perennial grass. The
plant grows in large clumps
from a much-branched root
stock with erect culms 0.5-1.5m
high."
Nash, ... in ...
"Grass Species of the World."*

Richard J. Grimshaw - Founder

Jim Smyle - Chairman

Paul Truong - Technical Director

*"Vetiver grass is widely used
throughout the world for
planting windbreaks, as an
anti-erosion measure, for
protective partitions in broad
fields, and as a border for
roads and gardens."*
